

FAASTeam presents:

ForeFlight For GA Pilots

Angela Anderson, Marketing Manager for ForeFlight, will also pass on user tips the ForeFlight program offers. She will answer questions you may have and take suggestions for future upgrades. If you would help me with this, please send me some of your questions in advance so i can pass on to Angela prior to her presentation. This will save time and give her more time to give more information.

Keep in mind, knowledge and experience makes our flying environment safer.

Bring your gear and your questions to the Meeting which starts at 19:00 on the 9th of November at Galaxy FBO.

Directions: We meet in Galaxy FBO's newly finished building on the South Side of Lonestar Regional. Ground floor Conference Room. Use the south entrance. You cannot access the FBO by the old Airport Parkway. You need to use Loop 336 and turn at Hawthorne Drive. This is a new road with a new Airport Entrance sign which mentions Galaxy FBO. This is just south of the Roller Skating Rink. Proceed Northeast on Hawthorne Drive and you can't miss it on the left.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
